Westlake Waves Swim Club Team suits order form

We do recommend everyone have a team suit just to wear at meets. You do not need to wear a any particular suit for meets, but a well fitting suit that is only used for meets is best for racing. These team suits will help the team look good together. We will check on the sizes and have swimmers try them on for everything to make sure of a proper fit, if at all possible. We will try to guide you on what is a proper fit for suits, especially for meet suits, but you are welcome to wear any competition style suits at practices and meets (It must be appropriate in all ways). Swimmers will be able to try on suits and anything that has their name on it to make sure the size is correct.

We keep the Grab Bag suits and Bungee type goggle straps in stock at the pool.
